REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record do not fairly teach in permissible combination the claimed invention. Support for the amendments to the claims and specification come from the original filed Fig. 1 and Fig. 5 as well as page 1, lines 20+ of the specification. Note that while C-stage injectors are known per se, the combination with the rest of the claim limitations render the combination non-obvious over the art of record. For example, Ito et al (5,660,045) teach a C stage injector 33 surrounding the injectors 32. However, the rest of the injectors do not have the configuration claimed. Tsukahara et al (5,323,614) also teach a C-stage injector 107 surrounding premixing injectors 106 which surround a pilot nozzle 105. However, then the additional complication of how one would configure the staging of the first and second premixing injector assemblies, as set forth in the claims, in combination with the staging already occurring in the Tsukahara et al reference, renders the claims unobvious over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

2. The replacement drawings for Fig. 5 were received on 5/21/05 and 2/21/05. None of the proposed changes to Fig. 5 have been approved. Only the original Fig. 5 is approved for content.
3. The replacement drawing for Figs. 2, 3 were received on 2/21/05. This is approved.
4. The proposed replacement drawing for Fig. 1 was received on 8/23/05. This is approved for content only.
5. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings filed appear informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
